MISSION OF THE SAMMAMISH ARTS FAIR:

The Community: The Sammamish Arts Fair endeavors to create an easily accessible community *arts and cultural event*, that is produced to the highest quality, and showcases some of the best local artists residing in and around the Eastside, so that we may provide a *rich fine arts experience for all ages and interests*.

The Artists: The Sammamish Arts Fair provides a unique platform for local artists to interact with the community and gain exposure and promotion of their artwork. We create a meaningful artists community, which is supportive of new and emerging artists as well as established ones, and encourage mentoring within the group both artistically and through team building whilst producing a successful arts event together.
